Welcome to Elkin High School

Elkin is a wonderful place and our school has a long tradition of both academic and athletic excellence. At Elkin High School we are proud of the achievements and successes of our students in the 2013-2014 school year both academically and athletically.

Elkin High School scored above the state average in all tested areas, and met all AMO targets.

Our strength at Elkin High School is the small school atmosphere that allows close relationships to develop between students, teachers, parents and the community. Our students are very active in extracurricular activities including athletics, clubs and the arts, and the community support we receive for these is outstanding.

It is our desire for Elkin High School to continue providing an excellent educational experience with high expectations for everyone. It's a Great Day to Be a Buckin' Elk.

Joel Hoyle
